Non-Operation Charge (Compensation system for suspension of business)

By any chance of an accident, theft, vehicle trouble, or damages the company is not responsible for, and the vehicle requires repairing or cleaning, we will charge customers the amount referred to above, as part of the business compensation, regardless of the level of repair or the amount of time required for cleaning. (This differs to the disclaimer compensation system so please be aware)

About the disclaimer compensation

If applying and paying for the special disclaimer compensation when agreeing to the rental contract (voluntary), and the customer is somehow involved in an accident, as long as it does not correspond to the disclaimers article in the conditions of insurance, this system may exempt immunity from the responsible amount of deductibles. However, customers will be charged a "non-operation charge (NOC)" as a part of the compensation system for suspension of business while the vehicle is in repair.

•Cases where the disclaimer compensation is not applicable

The customer is responsible for the burden charge of any accidents and damages that correspond to the following listed below. In this case, we will not accept certain charge systems such as the relief insurance compensation system and the disclaimer compensation system (objects, vehicles).

- Damages that exceed the compensation limit amount
- Damages responsible by any driver apart from the designated vehicle driver (drivers who have not applied to drive with our company)
- "Extension of contract time without permission", "DWI", "subletting", etc.
- In the case of an accident, failing to report to the police and rental store
- Settling compensations for damage privately without consulting or being granted permission.
- In the case of an accident that corresponds to disclaimer articles in other insurance articles.
- In the case of an accident that occurs in violation to our rental agreement.
- "Flat or damaged tires", "locking in or misplacing keys, misplacing the wheel cap", "damages due to the handling of the chain carrier or installation deficiencies", "indoor damages, damages due to flying debris, misplacing installation accessories", "theft due to leaving keys in the car", and "tow truck charges"

* Please refrain from boarding animals (dogs, cat, etc.). By any chance that trouble occurs within the vehicle, customers will be asked to bear cleaning charges.

Other charges included in the burden charge

Includes, "flat or damaged tires", "locking in or misplacing keys, misplacing the wheel cap", "damages due to the handling of the chain carrier or installation deficiencies", "indoor damages, damages due to flying debris, misplacing installation accessories", "theft due to leaving keys in the car", and "tow truck charges".
